

Key Stage 2 Language Centre Home Learning

16th October 2020

English

In English this week we thought about what we have already learnt and wrote questions about things that we still want to find out about the world around us.

Can you remember one (or more) of the questions you wrote and find out the answer?

Spellings

This week we have revised the sound 'v' spelt **v** or **ve** at the end of words. Here are some words to practise. We will test these on Monday!

give	van love	vet	visit glove	have above	live nerve
------	-------------	-----	----------------	---------------	---------------

(challenge words)	arrive	believe	prove	improve	various
-------------------	--------	---------	-------	---------	---------

Maths

This week we have been practising telling the time in 5 minute intervals past the hour.

Keep practising telling the time at home. You can play this game to help you learn:

<https://mathsframe.co.uk/en/resources/resource/117/telling-the-time-in-words>

Remember to login to Mathletics and solve the set activities.

Topic

This week we learned about democracy in Ancient Greece.

We wrote our own new laws which the rest of the class then voted on.

Can you remember who was allowed to vote in Athens and who was not?

Science

Unfortunately, we were unable to do a science lesson this week. The Boys created Birthday cards for the children in the class. They also discussed what they would like to have in Forest school, the favourite was to get a swing again. The boys got to tie their bird feed on the trees. We hope that the birds will get a chance to eat them before the squirrels.

Visit BBC bitesize to learn about the north and south pole on magnets. The link is below: -
