

Key Stage 2 Language Centre Home Learning

25th September 2020

English

This week we continued to be inspired by Here We Are: notes for living on Planet Earth. We first looked at what made up a person. They enjoyed labelling the different parts of the body on the outside and some parts in the inside of the body. This linked brilliantly to a discussion that people may come in many different shapes, sizes and colours, but we are people. The boys understood that we should treat everyone the equally and made a list on how to show equality, from including others in their game and being kind.

Spellings

This week we have revised adding the suffix **ed**, **er**, and **ing** to verbs. Here are some words to practise. We will test these on Monday!

hunting	hunted	hunter	buzzing	buzzed	buzzer
jumping	jumped	jumper	cracker		

Maths

This week we have been learning to use number lines or bead strings to order numbers. They were great in estimating amounts to 20, and 50 then counting. They also began to explain why they labelled a mark on the number line and with encouragement started comparing their choice saying if it was before, after or between other number.

Remember to go on to Mathletics to complete number work and practice your times tables.

Topic

This week we learned about the Ancient Greek gods and goddesses.

I wonder which god or goddess you are most like?

Maybe Ares, god of war; or Apollo, god of the sun; or even Zeus, king of the gods?

Take this online quiz to find out!

<https://kids.nationalgeographic.com/games/personality-quizzes/which-greek-god-are-you-/>

Apparently Mrs Ray is most like Athena, goddess of wisdom!

Science

This week we learned about magnets and magnetic force. They loved finding magnetic objects in sand with a horse shoe, bar or pad magnet. Can you find other magnets in your home?

Take a look at, which materials are magnetic?

<https://www.bbc.co.uk/bitesize/topics/zyttyrd/articles/zw889qt>

The boys may already know the answer after our lesson!
