

# Cherry Class Home Learning

## Term 5

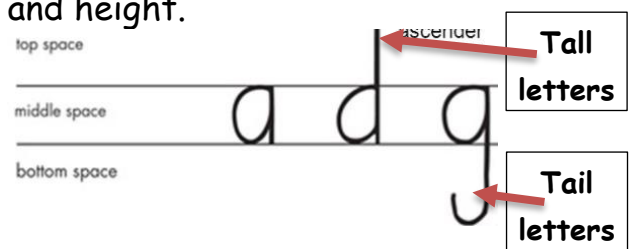

### Maths

- Telling the time is tricky, but the only way to get better is to practise, practise, **PRACTISE!**  
Start with o'clock, then move on to half past, quarter past/to and then to 5 past, 10 past etc.  
I have enclosed a template to help you.
- Keep practising the times tables you know. We all know how to work out the 2, 5 and 10 times tables by counting up.  
E.g. 4 groups of 5 = 5, 10, 15, **20**  
6 groups of 2 = 2, 4, 6, 8, 10, **12**  
**Remember that we say groups of instead of times.**  
If you have mastered this have a go at the 3, 4 and then 8 times tables.
- Help out in the kitchen and weigh and measure out ingredients. Write a list in your book, remember to use the unit (g, ml, l, tsp).

### Science - Humans

- Try a new fruit and a new vegetable. Draw it and describe how it smells, feels and tastes.
- Draw and label a healthy meal you have eaten.
- Describe your 5 favourite ways to exercise.

### English

- Design a musical instrument just like Ossiri did. Write sentences to describe it, underline the adjectives in your work and see if you can improve them.
  - Think about what you would like to be when you are older. Write sentences to explain why. Remember to use the conjunctions 'so' and 'because' when explaining.
  - Remember to keep practising your handwriting. Remember you do not need to join all letters yet.  
Make sure letters are the right size and height.
- 
- The Year 3 and 4 words are on the class page for you to practise **reading**.

### History of Flight

- Invent a new space shuttle. Think about what features it will need and what scientific experiments it may carry out.
- Research Amelia Earhart. Write 3 facts about her, remember to use the conjunctions 'so' and 'because' to explain or 'and' to join to ideas together.

Choose 1 or 2 things to do each week to help support learning in class. Some may take longer than others and some may need to be practised more often.

Please bring your homework books in on **Monday 23<sup>rd</sup> May** to share your work and receive castle points!
