

Poppy Class Home Learning Term 2

PLEASE SEND READING JOURNALS INTO SCHOOL EVERYDAY SO WE CAN UPDATE READING BOOKS.

<u>Reading</u> should be completed daily and recorded in the Home Learning book. Books will be changed in school as required - bring them in to change when you are ready to, no set day. You can read a book from school or one you have at home. Every read counts, and you will earn: 20 reads = bronze certificate 40 reads = silver certificate 60 reads = gold certificate Then every 10 reads after = 1 raffle ticket for our Christmas grand prize draw!	<u>Maths</u> (TTRockstars or Mathletics) Having a good knowledge of basic number facts really improves maths confidence, so do use Live Mathletics regularly to practise mental maths recall. <u>Times Tables</u> or <u>Number Bonds</u>- need to be practised regularly. You can choose to practise any way you like (TTRockstars, Top Marks, Mathsframe, a deck of cards) - repetition is key! See over the page for this term's focus and home learning ideas.
<u>Precision Teaching</u> words/sounds should be little and often (5 mins 3-4 times a week). Your child will get a new set of words/sounds when they are ready to move on. Use fun, multisensory activities to help their learning stick. Practise spelling the words and writing them in a sentence. See Poppy Class page for ideas.	<u>Vocabulary</u> - Key words from your child's learning will be sent home. Please choose 2-3 of these words each week to practise using. eg. <i>Continent</i> 1. Say it out loud, clap the syllables, what sound does it start with? Isolate the sounds 2. Maybe act it out, draw it 3. Make up a song to remember it 4. Say it in a sentence. "Africa is a continent" A continent is a large solid area of land" 5. Practise writing it

Additional Home Learning

Winter themed sensory play ideas

https://inspiremyplay.com/blogs/blog/winter-themed-play-ideas?srsId=AfmBOoqoSj88Mnh41-U5g5AWBa2m3BzMT2pNc0_KLKrLBW5AlQz1_6lq

Please feel free to use the Home Learning Book for any other learning or practise that you take part in at home. Please bring them back into school on Monday 15th December to share.

Mrs Mac's Maths Group

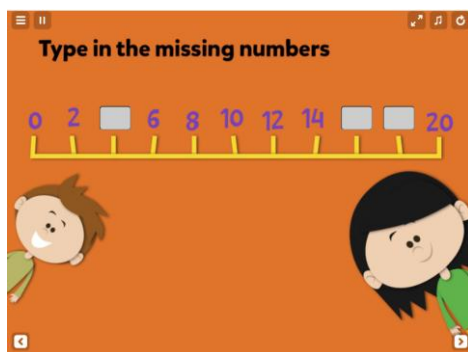

This term, our focus is:

Counting in 2s, 5s and 10s

<https://ictgames.com/mobilePage/duckShoot/index.html>
