

5.1.21	To learn to sort animals into scientific classes.
★	I can name the main five classes of animals. I can sort animals into the correct class. I can explain why the animals belong in their classes. I can ask a range of questions and suggest ways to answer them.

Draw and label at least 3 animals to each section of your zoo.

West Malling Zoo

Mammals	Reptiles	Birds
Fish	Amphibians	

What would you like to find out about is science this term?
