

3 times-table

1 Which 3 times-table fact does each picture show?

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

2 Work out the answers to these multiplications.

a) $0 \times 3 = \square$

c) $\square = 7 \times 3$

b) $9 \times 3 = \square$

d) $\square \times 3 = 24$

3 Join the calculations to the correct circle. Complete any calculations that are already joined to a circle.

7×3

3×3

= 21

3×0

3×7

8×3

< 21

12×3

$\square \times 3$

$\square \times 3$

> 21

4×3

4 Work out the answers to these divisions.

a) $36 \div 3 = \square$

e) $\square \div 3 = 4$

b) $18 \div 3 = \square$

f) $\square \div 3 = 1$

c) $21 \div 3 = \square$

g) $15 \div \square = 5$

d) $0 \div 3 = \square$
